# 1 Identification of the substance/preparation and of the company/undertaking

**Product details**

Product category: FAÇADE  
Trade name: LUSTRO  
Application/preparation of the substance: Specialty Finishes  
Manufacturer/Supplier: PAREXUSA, Inc.  
4125 E. LA PALMA AVE  
SUITE 250  
ANAHEIM, CA 92807  
Further information obtainable from: david.reyes@parexusa.com  
Contact phone number: 800-226-2424  
In case of emergency, contact CHEMTREC: 800-424-9300

---

# 2 Hazards identification

**Hazard pictograms (GHS-US):**  
Irritant

**Health Hazards**

**Signal word (GHS-US):**  
Warning

**Hazard statement (GHS-US):**

- H303 Can be harmful if swallowed
- H320 Causes eye irritation
- H335 May cause respiratory irritation
- H313 May be harmful in contact with skin

**Precautionary statements (GHS-US):**

- P402 Store in a dry place.  
- P280 Wear protective gloves/protective clothing protection/face protection.  
- P302+P352 IF ON SKIN: Wash with plenty of soap and water.  
- P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present do. Continue rinsing.  
- P304+P341 IF INHALED: If breathing is difficult, remove air and keep at rest in a position comfortable for breathing.  
- P301+P310 IF SWALLOWED: Immediately call a Poison Center or doctor/physician

**HMIS codes:**

- Health  
  - 1
- Flammability  
  - 0
- Reactivity  
  - 0
- Protective equipment  
  - B

Information concerning particular hazards for human and environment:

May be harmful if ingested.
Dust may be irritating to eyes, respiratory system, and skin.
Not known to cause reproductive harm or birth defects.
Keep out of reach of children.

Additional information: n/a

4 First aid measures

General information: n/a

After inhalation: Remove to fresh air. If not breathing, give artificial respiration. If having difficulty breathing, give oxygen. Get immediate medical attention.

After skin contact: Wash affected area thoroughly with soap and water. Remove contamination and launder before re-use.

After eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.

After swallowing: Do not induce vomiting. Get medical attention immediately.

5 Fire-fighting measures

General information: Water-based product.

Flash point: n/a

Suitable extinguishing agents: For the dried product, use carbon dioxide, dry chemical, or alcohol foam.

Hazardous combustion products: Incomplete combustion of dried product can yield low molecular weight hydrocarbons, carbon monoxide, and carbon dioxide.

Protective equipment: Respiratory equipment should be worn to avoid inhalation of combustion products.

Firefighting instructions: Water should not be used except as fog to keep nearby containers cool. Water may be used to cool closed containers to prevent pressure build-up and exposure to extreme heat.

6 Accidental release measures

Measures for environmental protection: Keep spilled products out of sewers, streams, and water systems.

Measures for cleaning/collecting: For dry material, collect by sweeping and scooping. Transfer collected material to a container, being careful to minimize creation of dust. For wet material, scoop material up and transfer to an open container. Allow material to dry before disposal.

Additional information: See section 13 and section 15 for specific regulatory information concerning this product.

7 Handling and storage

Handling:
Wear appropriate protective equipment when working with this product. Promptly remove dusty clothing, or clothed product mix, and launder before re-using. Wash thoroughly after exposure to product mixtures. Keep out of reach of children.

Page 2 of 12
Storage:

Store in a dry location. Atmospheric temperatures and pressures do not affect the shelf life of this product.
**Exposure controls/personal protection**

Additional information about design of technical facilities: n/a

Ingredients with limit values that require monitoring at the workplace:

| 51200-87-4 | 4,4 Dimethyloxazolidine | none established |

WARNING! If you scrape, sand, or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUS SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Use NIOSH-approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you begin to work, find out how to protect yourself and your family by contacting the National Lead Hotline at 1-800-424-LEAD or log onto www.epa.gov/lead

**Personal protective equipment:**

- **ventilation:** Use local exhaust. General exhaust acceptable if the exposure to materials is maintained below applicable exposure limits. Refer to OSHA Standard 1910.107, and 1910.108.

- **respiratory protection:** If personal exposure cannot be controlled below applicable limits by ventilation, wear a properly fitted organic vapor/particulate respirator approved by NIOSH for protection against materials described above.

- **eye protection:** Wear safety glasses to reduce the potential for eye contact.

- **skin protection:** Prevent prolonged or repeated contact by using rubber gloves and appropriate protective clothing.

16 Other information

The information and recommendation set forth herein are believed to be accurate. Because some of the information us this document is derived from information provided to PAREXUSA, Inc. from its suppliers, and because PAREXUSA, Inc. \over the conditions of handling and use, PAREXUSA, Inc. makes no warranty, expressed or implied, regarding the accur the results to be obtained from the use thereof and assumes no responsibility from use or reliance thereon. It is the resp user of PAREXUSA, Inc. products to comply with all applicable federal, state, and local laws and regulations.
Can be harmful if swallowed. Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.

The information and recommendation set forth herein are believed to be accurate. Because some of the information used to prepare this document is derived from information provided to PAREXUSA, Inc. from its suppliers, and because PAREXUSA, Inc. has no control over the conditions of handling and use, PAREXUSA, Inc. makes no warranty, expressed or implied, regarding the accuracy of the data or the results to be obtained from the use thereof and assumes no responsibility from use or reliance thereon. It is the responsibility of the user of PAREXUSA, Inc. products to comply with all applicable federal, state, and local laws and regulations.

In addition to items listed in Section 11, this product contains the following items that are specifically regulated by OSHA. Exposure limits may be found in Section 8.

Warning - The following chemicals are present in this coating product in small amounts. These chemicals are listed by the California EPA as materials known to the State of California to cause cancer, (and/or) birth defects, (and/or) other reproductive harm:

Reactivity: No

Theoretical VOC for this product = 44g/L (0.3662lb/gal)

SARA, section 302 (40CFR355.30) and section 304 (40CFR355.40) Hazard classification for this product

SARA, section 311/312 (40CFR370.21) Hazard classification for this product

SARA, section 313 (40CFR372.65)

Other information

CERCLA, section 103 (40CFR302.4)

This product contains the following toxic chemicals that require notification of the National Response Center of releases of quantities of hazardous substances equal to or greater than the Reportable Quantities (RQ):

No reportable quantities are present.

US Federal regulations

This product contains the following components present at or above the minimum level and listed as Hazardous or Extremely Hazardous Air Pollutants:

No reportable quantities are present.

This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendment and Reauthorization Act of 1986:

TSCA

California prop65

EPA VOC regulations

No reportable quantities are present.

Clean Air Act, section 112

This Safety Data Sheet is prepared to comply with the United States Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (29 CFR1910.1200). Unlisted ingredients are not 'hazardous' per OSHA standards.

OSHA

Regulatory information

State Regulations

No reportable quantities are present.

All components of this product are listed, or are exempt from listing on the TSCA inventory.
