- Unlimited Texture Design
- Available in Standard Colors or multiple color variations to create a unique look
- Interior and exterior use

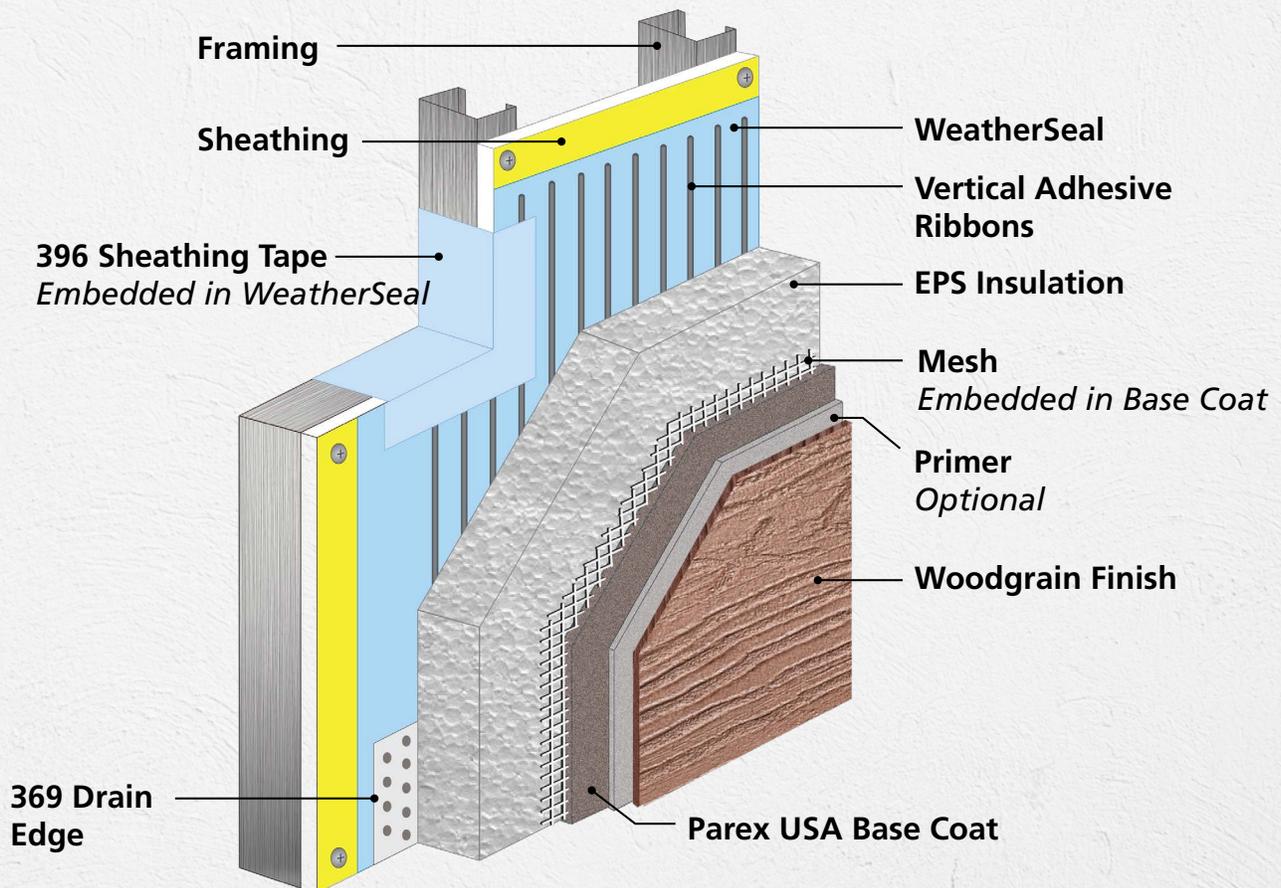

STANDARD COLOR CHOICES

STAIN & FINISH EXAMPLES

STANDARD WATERMASTER CI (EIFS)

The final appearance is highly dependent on the skill of the applicator. Be sure to approve the finish and color prior to application.

Parex USA recommends on site mock-ups, and larger samples prepared by the installing contractor as smaller samples will not typically provide the results achieved on site. For more information on installation techniques and tips please contact the Parex USA Technical Department 1-800-226-2424.
